

Interdisciplinary Perspectives on connections between forest and human health and well-being

SEPTEMBER 23, 2023

HEALTH AND WELLNESS WORKSHOP #4

Welcome

- ❖ Track & Workshop Goals
- ❖ Our Panelists
- ❖ An “interdisciplinary” dialogue
- ❖ Now let’s hear your input

Let's explore...

What do you think people most appreciate or need from their local forest?

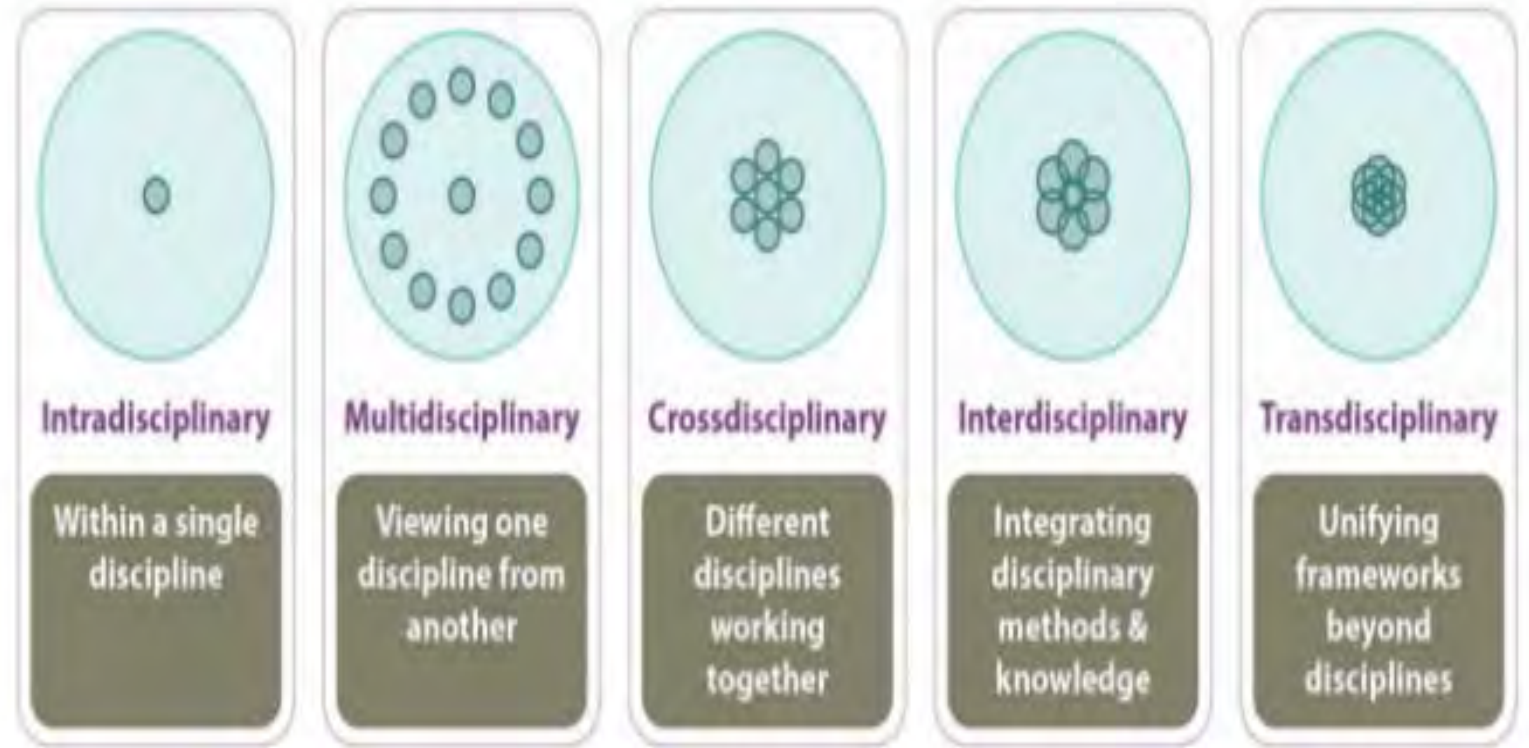

What do
forests need
from humans?

How can
humans be
better allies
with forests?

Where do you believe we are on the collaboration continuum?

What issues or dynamics get in the way of cocreating solutions to forest and human health?

What actions
can we take
now to
promote the
forest and
human health
connection?
